

Miniature Crocodile Clip Leads, pack of 12

Set of 12 Miniature Crocodile Leads. Great in any science laboratory or design technology workshop involving any low voltage electrical circuit.

Code 2463

• Product Description

Set of 12 Miniature Crocodile Leads. Excellent for fast prototyping where removable connections are essential. Available as a pack of 12 coloured leads (2 red, 2 green, 2 blue, 2 black and 2 white).

Coated with a plastic cover to enhance safety and prevent unintended shocks. These clips are ideal for prototyping and testing electrical circuits. Max. current supported: 0.5A.

RoHS Compliant.

Features:

- Fast prototyping
- Plastic insulation for safety and durability.
- 55cm long cable.
- 2.8cm clip
- Conducts up to 0.5A.

Contents:

- 12 x Miniature Crocodile Clip.

Dimensions:

- Lead Length: 550mm.
- Clip length: 28mm.
- Wire Gauge: 14/0.12mm (22AWG).

Note:

- Low voltage use only.
